**The one company that will deliver highly engineered fluid moving solutions
and service in niche markets and extreme condition environments**

BLAGDON FULL FLOW 2:1 PUMPS

BLAGDON high-pressure pumps provide **reliable performance** in applications where pressure is a concern. The 2" pump delivers up to **350 litres per minute** fluid flow rate with a capacity of **160+ metres head**.

The Full Flow pumps are **lube-free as standard**, are **easy to maintain** and uses **standard parts** in construction and they also feature the BLAGDON **non-stalling, non-icing** air valve system.

The Full Flow pumps are available in both **1" and 2"** construction, in **aluminium or stainless steel**.
